## REMARKS

The undersigned attorney for Applicant, Kasey Christie, and Examiner Elamin discussed this case briefly today over the telephone.

### Status of Claims

The Examiner indicated that the Preliminary Amendment filed on 11/14/2004 was not clear on which claims were canceled. The purpose of this document is to clarify that issue.

Applicant expressly cancels claims 1-16 which were original claims that filed with this continuation application. Claims 17-21 were added to the parent, but are not provided here or with the filing of the continuation, but they too are canceled. So, claims 1-21 are canceled.

That leaves claims 22-39 pending here in this continuation application.

### Double-Patenting Rejection

The Examiner also indicated that he was willing to allow the case if a terminal disclaimer was filed to overcome a double-patenting rejection in light of the claims allowed in the parent case.

Forthwith, the Applicant will prepare and submit a terminal disclaimer to overcome a looming double-patenting rejection from the Examiner.
